# Subject index

**Abdomen**
Abdominal injuries in Nigerian children, 29
C-reactive protein in the differential diagnosis of the acute abdomen, especially acute appendicitis, 238
Variation among trainee surgeons in interpreting diagnostic peritoneal lavage fluid in blunt abdominal trauma, 104
**Abscess**
Aetiological role of otolaryngological disease in paediatric intracranial abscess, 80
Use of calcium alginate to pack abscess cavities: a controlled clinical trial, 177
**Acute**
C-reactive protein in the differential diagnosis of the acute abdomen, especially acute appendicitis, 238
**Africa**
Breast cancer in Zaria, Nigeria, 159
**Ambulatory surgery**
Ambulatory hydrocele surgery: a review of 50 cases, 385
**Analysis**
Retrospective analysis of the Bangour Burn Unit, 381
**Anastomosis**
Adverse influence of fibrin sealant on the healing of high-risk sutured colonic anastomoses, 394
Neopylorus: a functional reflux-free gastroenteral anastomosis, 313
Sutured laparoscopic cholecystojejunostomy evolved in an animal model, 215
**Aneurysm**
Case of bilateral superior gluteal artery aneurysm, 122
**Angiography**
Tissue expanders in the gut: a histological and angiographic study, 402
**Angioplasty**
Percutaneous angioplasty in a district general hospital: impact and implications, 183
**Antibiotic**
Antibiotic prophylaxis in acute non-perforated appendicitis in children: single dose of metronidazole and gentamicin, 110
**Aortoappendiceal**
Aortoappendiceal fistula: a case report, 254
**Appendicitis**
Abdominal pain as a cause of acute admission to hospital, 389
Antibiotic prophylaxis in acute non-perforated appendicitis in children: single dose of metronidazole and gentamicin, 110
C-reactive protein in the differential diagnosis of the acute abdomen, especially acute appendicitis, 238
**Aptitude testing**
Relationships between surgical ability ratings and spatial abilities and personality, 74
**Audit**
Colorectal cancer in South Tyneside: a personal audit, 247

**Barrett's changes**
Barrett's oesophagus, 69
**Biopsy**
PDS II (polydioxanone) is the monofilament suture of choice for subcuticular wound closure following breast biopsy, 94
**Bladder**
Radical radiotherapy with salvage surgery for invasive bladder cancer: results following a reduction in radiation dose, 42
**Bomb blast**
Paediatric trauma in Northern Iraq: the Kurdish refugee crisis, 221
**Bone pain**
Osteomalacia mimicking metastases: a treatable cause of bone pain, 344
**Bone scanning**
Intraosseous ganglia: radioisotope bone imaging, 57
**Bowel**
Sutured laparoscopic cholecystojejunostomy evolved in an animal model, 215
**Breast**
Breast cancer in Zaria, Nigeria, 159
Mammography in hospital patients: use and misuse, 16
Mondor's disease: analysis of 30 cases, 322
PDS II (polydioxanone) is the monofilament suture of choice for subcuticular wound closure following breast biopsy, 94
**Burn**
Contractures after burns: some observations from a 3-year review in Zimbabwe, 187
Paediatric trauma in Northern Iraq: the Kurdish refugee crisis, 221
**Burn unit**
Retrospective analysis of the Bangour Burn Unit, 381
**Bypass**
Therapeutic options in subclavian artery disease, 377

**C-reactive protein**
C-reactive protein in the differential diagnosis of the acute abdomen, especially acute appendicitis, 238
**Cancer**
Barrett's oesophagus, 69
Basal cell carcinoma in children, 46
Breast cancer in Zaria, Nigeria, 159
Colorectal cancer in South Tyneside: a personal audit, 247
Colorectal surgeons in district general hospitals produce similar survival outcomes to their teaching hospital colleagues: a review of 5-year survivals in Manchester, 235
Computed tomography for oesophageal carcinoma: its value to the surgeon, 113
Endoscopic oesophagectomy through a right thoracoscopic approach, 7
Radical radiotherapy with salvage surgery for invasive bladder cancer: results following a reduction in radiation dose, 42
**Carbon tetrachloride**
Liver cirrhosis induced by carbon tetrachloride and the effect of superoxide dismutase and xanthine oxidase inhibitor treatment, 23
**Carcinoma**
Mammography in hospital patients: use and misuse, 16
Transhiatal oesophagectomy in the management of advanced oesophageal carcinoma, 225
**Cardia**
Computed tomography for oesophageal carcinoma: its value to the surgeon, 113
**Cardiac tamponade**
Cardiac tamponade due to central venous catheterization, 337
**Carotid endarterectomy**
Preoperative assessment and mapping of the long saphenous vein before carotid endarterectomy, 340
Transcranial Doppler measurement before and after carotid endarterectomy, 311
**Carpal tunnel**
Osteomalacia mimicking metastases: a treatable cause of bone pain, 344
**Catheter**
Cardiac tamponade due to central venous catheterization, 337
Implantable venous access catheters: what the patients say, 125
**Cerebrospinal fluid**
Surgical management of cerebrospinal fluid rhinorrhoea, 12
**Cervical**
Investigation of cervical lymphadenopathy presumed to be metastatic in nature: a review of current clinical practice, 319
**Cervical spine**
Prevertebral haematoma as an inconsistent clue to cervical spine fractures, 267
**Chemical warfare**
Surgery in collective protection against chemical warfare, 118
**Cholangiography**
Quality and interpretation of operative cholangiography in a district general hospital, 241
**Cholecystectomy**
A drip is unncecessary after cholecystectomy, 244
Passive tube and suction drainage after elective cholecystectomy - a comparison using ultrasonography, 325
**Chronic renal failure**
Spontaneous bilateral rupture of the quadriceps mechanism in chronic renal failure, 343
**Claudication**
Percutaneous angioplasty in a district general hospital: impact and implications, 183
**Colles' fractures**
Comminuted Colles' fractures: a prospective trial of management, 199
**Colon**
Diverticular disease of the colon in black Africa, 107
**Colorectal**
Colorectal cancer in South Tyneside: a personal audit, 247
Colorectal surgeons in district general hospitals produce similar survival outcomes to their teaching hospital colleagues: a review of 5-year survivals in Manchester, 235
Excessive wastage of blood resources in elective colorectal surgery, 387
**Complication**
Complications of superficial parotidectomy *versus* extracapsular lumpectomy in the treatment of benign parotid lesions, 155
Paraoesophageal hiatal hernias: when to operate, 97

**Computed tomography**
Computed tomography for oesophageal carcinoma: its value to the surgeon, 113
Ovarian cysts and tumours in childhood, 39
**Contractures**
Contractures after burns: some observations from a 3-year review in Zimbabwe, 187
**Crush syndrome**
Hypothermia and the crush syndrome, 257
**Cryosurgery**
Hepatic cryosurgery: biological and clinical considerations, 369
**Cryotherapy**
Cryotherapy for retinopathy of prematurity in a regional neonatal intesive care unit, 83
**Cysts**
Hepatic hydatid cysts: presentation and surgical management in Yemen, 229

**Data**
Mammography in hospital patients: use and misuse, 16
**Diagnosis**
Abdominal pain as a cause of acute admission to hospital, 389
**Diaphyseal fracture**
Distal ulnar growth plate arrest following a diaphyseal fracture, 347
**Disc battery ingestion**
Disc battery ingestion: a review and management plan, 120
**Diverticulum**
Diverticular disease of the colon in black Africa, 107
Jejunal diverticulum in a child presenting with small bowel obstruction, 195
**Doppler**
Transcranial Doppler measurement before and after carotid endarterectomy, 311
**Drainage**
Passive tube and suction drainage after elective cholecystectomy - a comparison using ultrasonography, 325
Use of calcium alginate to pack abscess cavities: a controlled clinical trial, 177

**Echocardiography**
Detection of left heart thrombus by echocardiography is not essential before peripheral arterial thrombolysis, 19
**Elbow**
Elbow fat pad sign: implications for clinical management, 205
**Endodontic**
Endodontics: progress in periapical healing, 298
**Endoprosthesis**
Lunate Silastic arthroplasty in Kienbock's disease, 52
**Endoscopy**
Early experience with the Bower percutaneous endoscopic gastrostomy tube, 34
**Epiglottis**
Acute epiglottitis in adults: a potentially lethal cause of sore throat, 333
**ERCP**
Interventional endoscopic retrograde cholangiopancreatography: state of the art (part I), 289
Interventional endoscopic retrograde cholangiopancreatography: state of the art (part II), 357
**Examination**
Importance of patient positioning in the clinical examination of subclavian artery compression, 408

**Expansion**
Tissue expansion, 149

**Femoral**
Delay in presentation and misdiagnosis of strangulated hernia: prospective study, 37
**Fibrin glue**
Use of autologous fibrin glue in the treatment of splenic trauma: an experimental study, 162
**Fibrous**
Fibrous histiocytomas in the tropics, 165
**Fine needle aspiration**
Wrist and hand ganglion treatment with hyaluronidase injection and fine needle aspiration: a tropical African perspective, 405
**Fistula**
Aortoappendiceal fistula: a case report, 254
Management of perianal sepsis in a district general hospital, 232
**Flap**
Contractures after burns: some observations from a 3-year review in Zimbabwe, 187
Free microvascular tissue transfer in Newcastle upon Tyne, 180
**Foreign body**
Disc battery ingestion: a review and management plan, 120
**Fracture**
Comminuted Colles' fractures: a prospective trial of management, 199
Fracture of the penis in Enegu, Nigeria, 309
Partial weight bearing after operations for hip fractures in elderly patients, 261
Prevertebral haematoma as an inconsistent clue to cervical spine fractures, 267
Treatment of undisplaced subcapital fractures, 263

**Gallbladder**
Type II Mirizzi syndrome: diagnosis by endoscopic retrograde cholangiopancreatography, 49
**Gallstones**
Gallstones in children, 409
Stone in the middle gallbladder, 47
**Ganglion**
Intraosseous ganglia: radioisotope bone imaging, 57
Wrist and hand ganglion treatment with hyaluronidase injection and fine needle aspiration: a tropical African perspective, 405
**Gastrectomy – partial**
Neopylorus: a functional reflux-free gastroenteral anastomosis, 313
**Gastrointestinal bleeding**
Value of scintigraphic localization of obscure gastrointestinal bleeding, 328
**Gastrostomy**
Early experience with the Bower percutaneous endoscopic gastrostomy tube, 34
Prolapse of the stomach through a gastrostomy site, 336
**Gillies incision**
Preoperative shaving: patient and surgeon preferences for the Gillies incision, 399

**Haemoglobin**
Excessive wastage of blood resources in elective colorectal surgery, 387
**Haemorrhoids**
Surface laser ablation of internal haemorrhoids using the carbon dioxide laser, 51

**Hallux**
Sensory nerve damage during surgery on the hallux, 422
**Hand**
Controlled prospective trial of wound management in elective hand surgery, 203
Mallet finger: long-term review of 100 cases, 196
Toxic shock-like syndrome due to streptococcal hand infection, 269
**Hepatic**
Hepatic hydatid cysts: presentation and surgical management in Yemen, 229
**Hernia**
Case-control study of patient satisfaction with day-case and inpatient inguinal hernia repair, 99
Delay in presentation and misdiagnosis of strangulated hernia: prospective study, 37
Paraoesophageal hiatal hernias: when to operate, 97
**Hiatal**
Paraoesophageal hiatal hernias: when to operate, 97
**Hip**
Partial weight bearing after operations for hip fractures in elderly patients, 261
Treatment of undisplaced subcapital fractures, 263
**Hip arthroplasty**
Goal posts in total hip replacement: a pelvic alignment device, 271
**Hyalase**
Surgical treatment of adult trigger finger under local anaesthetic: the method of choice, 341
**Hyaluronidase**
Wrist and hand ganglion treatment with hyaluronidase injection and fine needle aspiration: a tropical African perspective, 405
**Hydatid**
Hepatic hydatid cysts: presentation and surgical management in Yemen, 229
**Hydrocele**
Ambulatory hydrocele surgery: a review of 50 cases, 385

**Immunology**
Immunology of surgical infection, 1
**Immunosuppression**
Management of immunosuppression in renal transplant patients with septicaemia, 256
**Incision**
Pyloromyotomy through circumbilical incision, 175
Use of calcium alginate to pack abscess cavities: a controlled clinical trial, 177
**Infection**
Immunology of surgical infection, 1
Toxic shock-like syndrome due to streptococcal hand infection, 269
Trends in infection prophylaxis in orthopaedics, 263
**Inflammation**
Immunology of surgical infection, 1
**Inguinal**
Case-control study of patient satisfaction with day-case and inpatient inguinal hernia repair, 99
Delay in presentation and misdiagnosis of strangulated hernia: prospective study, 37
**Injury**
Abdominal injuries in Nigerian children, 29
Mallet finger: long-term review of 100 cases, 196
Paediatric trauma in Northern Iraq: the Kurdish refugee crisis, 221

**Interventional ERCP**
Interventional endoscopic retrograde cholangiopancreatography: state of the art (part I), 289
Interventional endoscopic retrograde cholangiopancreatography: state of the art (part II), 357
**Intestines**
Intestinal malrotation in Trinidad, 172
**Intra-articular injection**
Systemic tuberculosis in association with intra-articular steroid therapy, 425
**Intracranial**
Aetiological role of otolaryngological disease in paediatric intracranial abscess, 80
**Intravenous infusion**
A drip is unnecessary after cholecystectomy, 244
**Ischaemia**
Therapeutic options in subclavian artery disease, 377

**Jejunum**
Jejunal diverticulum in a child presenting with small bowel obstruction, 195

**Kienbock's disease**
Lunate Silastic arthroplasty in Kienbock's disease, 52
**Knot**
A new way to tie the surgeon's knot, 259

**Laparoscopic splenectomy**
Technical aspects of laparoscopic splenectomy: hilar segmental devascularization and instrumentation, 414
**Laparoscopy**
Sutured laparoscopic cholecystojejunostomy evolved in an animal model, 215
**Laryngoscopy**
Acute epiglottitis in adults: a potentially lethal cause of sore throat, 333
**Laser**
Surface laser ablation of internal haemorrhoids using the carbon dioxide laser, 51
**Liver**
Repeat hepatic resection for metachronous carcinoma of the liver, 252
**Liver – cirrhosis**
Liver cirrhosis induced by carbon tetrachloride and the effect of superoxide dismutase and xanthine oxidase inhibitor treatment, 23
**Liver – surgery**
Hepatic cryosurgery: biological and clinical considerations, 369
**Local anaesthetic**
Surgical treatment of adult trigger finger under local anaesthetic: the method of choice, 341
**Lymphadenopathy**
Investigation of cervical lymphadenopathy presumed to be metastatic in nature: a review of current clinical practice, 319

**Mallet finger**
Mallet finger: long-term review of 100 cases, 196
**Malrotation**
Intestinal malrotation in Trinidad, 172
**Management**
Disc battery ingestion: a review and management plan, 120
**Metastases**
Repeat hepatic resection for metachronous carcinoma of the liver, 252
**Metastatic**
Investigation of cervical lymphadenopathy presumed to be metastatic in nature: a review of current clinical practice, 319
**Microvascular transfer**
Free microvascular tissue transfer in Newcastle upon Tyne, 180
**Military surgery**
Surgery in collective protection against chemical warfare, 118
**Mirizzi syndrome**
Type II Mirizzi syndrome: diagnosis by endoscopic retrograde cholangiopancreatography, 49
**Mondor's disease**
Mondor's disease: analysis of 30 cases, 322
**Motility**
Endoscopic oesophagectomy through a right thorascopic approach, 7
**Muscle**
New technique for assessing muscle damage after trauma, 131

**Neopylorus**
Neopylorus: a functional reflux-free gastroenteral anastomosis, 313
**Nerve damage**
Sensory nerve damage during surgery on the hallux, 422

**Oesophagus**
Barrett's oesophagus, 69
**Oesophagus – surgery**
Endoscopic oesophagectomy through a right thorascopic approach, 7
Oesophageal replacement in paediatric patients, 101
Transhiatal oesophagectomy in the management of advanced oesophageal carcinoma, 225
**Oesophagus – tumour**
Computed tomography for oesophageal carcinoma: its value to the surgeon, 113
**Operative**
Quality and interpretation of operative cholangiography in a district general hospital, 241
**Orthopaedic**
Trends in infection prophylaxis in orthopaedics, 263
**Osteomalacia**
Osteomalacia mimicking metastases: a treatable cause of bone pain, 344
**Ovarian cysts**
Ovarian cysts and tumours in childhood, 39

**Paediatric**
Aetiological role of otolaryngological disease in paediatric intracranial abscess, 80
Management of pancreatic pseudocyst in childhood: an increasing role for percutaneous external drainage, 169
Oesophageal replacement in paediatric patients, 101
Paediatric trauma in Northern Iraq: the Kurdish refugee crisis, 221
Pyloromyotomy through circumumbilical incision, 175
**Pain**
Abdominal pain as a cause of acute admission to hospital, 389
**Pancreas**
Management of pancreatic pseudocyst in childhood: an increasing role for percutaneous external drainage, 169
**Pancreas – surgery**
Treatment of persistent and complicated pancreatic pseudocysts, 373
**Pancreatitis**
Treatment of persistent and complicated pancreatic pseudocysts, 373
**Paraoesophageal**
Paraoesophageal hiatal hernias: when to operate, 97
**Parotid**
Complications of superficial parotidectomy *versus* extracapsular lumpectomy in the treatment of benign parotid lesions, 155
Parotid gland tumours: a 15-year experience, 89
**Penis**
Fracture of the penis in Enegu, Nigeria, 309
**Perianal**
Management of perianal sepsis in a district general hospital, 232
**Periapical**
Endodontics: progress in periapical healing, 298
**Peripheral vascular disease**
Detection of left heart thrombus by echocardiography is not essential before peripheral arterial thrombolysis, 19
Percutaneous angioplasty in a district general hospital: impact and implications, 183
**Peritoneal lavage**
Variation among trainee surgeons in interpreting diagnostic peritoneal lavage fluid in blunt abdominal trauma, 104
**Personality**
Relationships between surgical ability ratings and spatial abilities and personality, 74
**Plastic surgery**
Free microvascular tissue transfer in Newcastle upon Tyne, 180
**Positioning**
Importance of patient positioning in the clinical examination of subclavian artery compression, 408
**Postoperative**
A drip is unnecessary after cholecystectomy, 244
**Prolapse**
Prolapse of the stomach through a gastrostomy site, 336
**Prophylaxis**
Antibiotic prophylaxis in acute non-perforated appendicitis in children: single dose of metronidazole and gentamicin, 110
Trends in infection prophylaxis in orthopaedics, 263
**Pseudocyst**
Management of pancreatic pseudocyst in childhood: an increasing role for percutaneous external drainage, 169
Treatment of persistent and complicated pancreatic pseudocysts, 373
**Pyloromyotomy**
Pyloromyotomy through circumumbilical incision, 175

**Radioisotope**
Intraosseous ganglia: radioisotope bone imaging, 57
**Radiology**
Elbow fat pad sign: implications for clinical management, 205
Prevertebral haematoma as an inconsistent clue to cervical spine fractures, 267
**Radiotherapy**
Radical radiotherapy with salvage surgery for invasive bladder cancer: results following a reduction in radiation dose, 42

**Recurrence**
Management of perianal sepsis in a district general hospital, 232
**Repair**
Case-control study of patient satisfaction with day-case and inpatient inguinal hernia repair, 99
Surgical management of cerebrospinal fluid rhinorrhoea, 12
**Replacement**
Oesophageal replacement in paediatric patients, 101
**Resection**
Repeat hepatic resection for metachronous carcinoma of the liver, 252
**Retinopathy**
Cryotherapy for retinopathy of prematurity in a regional neonatal intesive care unit, 83
**Rhinorrhoea**
Surgical management of cerebrospinal fluid rhinorrhoea, 12
**Risk assessment**
Surgical scoring, risk assessment and the surgeon, 145

**Scintigraphy**
Value of scintigraphic localization of obscure gastrointestinal bleeding, 328
**Scolicidal agent**
Hepatic hydatid cysts: presentation and surgical management in Yemen, 229
**Sepsis**
Immunology of surgical infection, 1
**Septicaemia**
Management of immunosuppression in renal transplant patients with septicaemia, 256
**Shaving**
Preoperative shaving: patient and surgeon preferences for the Gillies incision, 399
**Skin**
Basal cell carcinoma in children, 46
**Skin – graft**
Contractures after burns: some observations from a 3-year review in Zimbabwe, 187
**Spleen**
Use of autologous fibrin glue in the treatment of splenic trauma: an experimental study, 162
**Splenectomy**
Abdominal injuries in Nigerian children, 29
**Sternotomy**
Median sternotomy wound dehiscence: a retrospective case control study of risk factors and outcome, 305
**Steroid**
Systemic tuberculosis in association with intra-articular steroid therapy, 425
**Stomach**
Gastric volvulus caused by giant ovarian cyst, 194
**Strangulation**
Delay in presentation and misdiagnosis of strangulated hernia: prospective study, 37

**Subclavian artery**
Importance of patient positioning in the clinical examination of subclavian artery compression, 408
Therapeutic options in subclavian artery disease, 377
**Surgery**
Controlled prospective trial of wound management in elective hand surgery, 203
Excessive wastage of blood resources in elective colorectal surgery, 387
Immunology of surgical infection, 1
Radical radiotherapy with salvage surgery for invasive bladder cancer: results following a reduction in radiation dose, 42
Relationships between surgical ability ratings and spatial abilities and personality, 74
**Surgical**
Colorectal surgeons in district general hospitals produce similar survival outcomes to their teaching hospital colleagues: a review of 5-year survivals in Manchester, 235
**Survival**
Colorectal surgeons in district general hospitals produce similar survival outcomes to their teaching hospital colleagues: a review of 5-year survivals in Manchester, 235
**Suture**
PDS II (polydioxanone) is the monofilament suture of choice for subcuticular wound closure following breast biopsy, 94
Sutured laparoscopic cholecystojejunostomy evolved in an animal model, 215
**Swab**
Evaluation of a new non-woven theatre swab, 191

**Tendon rupture**
Spontaneous bilateral rupture of the quadriceps mechanism in chronic renal failure, 343
**Thrombolysis**
Detection of left heart thrombus by echocardiography is not essential before peripheral arterial thrombolysis, 19
**Tissue**
Tissue expansion, 149
**Tissue expanders**
Tissue expanders in the gut: a histological and angiographic study, 402
**Trauma**
Elbow fat pad sign: implications for clinical management, 205
New technique for assessing muscle damage after trauma, 131
Paediatric trauma in Northern Iraq: the Kurdish refugee crisis, 221
Use of autologous fibrin glue in the treatment of splenic trauma: an experimental study, 162
Variation among trainee surgeons in interpreting diagnostic peritoneal lavage fluid in blunt abdominal trauma, 104

**Trauma centres**
Estimating trauma centre workload, 128
Trauma care in the UK – the debate must continue, 127
**Treatment**
Colorectal surgeons in district general hospitals produce similar survival outcomes to their teaching hospital colleagues: a review of 5-year survivals in Manchester, 235
**Trigger**
Surgical treatment of adult trigger finger under local anaesthetic: the method of choice, 341
**Tuberculosis**
Systemic tuberculosis in association with intra-articular steroid therapy, 425
**Tumour**
Fibrous histiocytomas in the tropics, 165
Ovarian cysts and tumours in childhood, 39
Parotid gland tumours: a 15-year experience, 89

**Ultrasonography**
Passive tube and suction drainage after elective cholecystectomy - a comparison using ultrasonography, 325
**Ultrasound**
Ovarian cysts and tumours in childhood, 39

**Vein mapping**
Preoperative assessment and mapping of the long saphenous vein before carotid endarterectomy, 340
**Venous**
Cardiac tamponade due to central venous catheterization, 337
**Venous access**
Implantable venous access catheters: what the patients say, 125
**Volvulus**
Gastric volvulus caused by giant ovarian cyst, 194

**Wound – closure**
PDS II (polydioxanone) is the monofilament suture of choice for subcuticular wound closure following breast biopsy, 94
**Wound – dehiscence**
Median sternotomy wound dehiscence: a retrospective case control study of risk factors and outcome, 305
**Wound – healing**
Adverse influence of fibrin sealant on the healing of high-risk sutured colonic anastomoses, 394
**Wrist**
Comminuted Colles' fractures: a prospective trial of management, 199
Lunate Silastic arthroplasty in Kienbock's disease, 52
